

SOME OF MY CASES OF PATHOLOGY CAUSED BY NOXIOUS GEOPATHS IN THE HOME.

1. **Recurrent Fibroblastic osteosarcoma in carpus of a cat, Mill Valley, CA,** cancerous growth surgically removed 3 times. : Presence of EMF's in home coupled by severe vertical geopath vortex and multiple flows thro entire house. Once geopath removed, and electrical wiring and plumbing in the home were neutralized, the tumor never returned. The health of the cat's owners also improved and they now sleep better and have more energy. C. Weaver, Mill Valley, Ca.

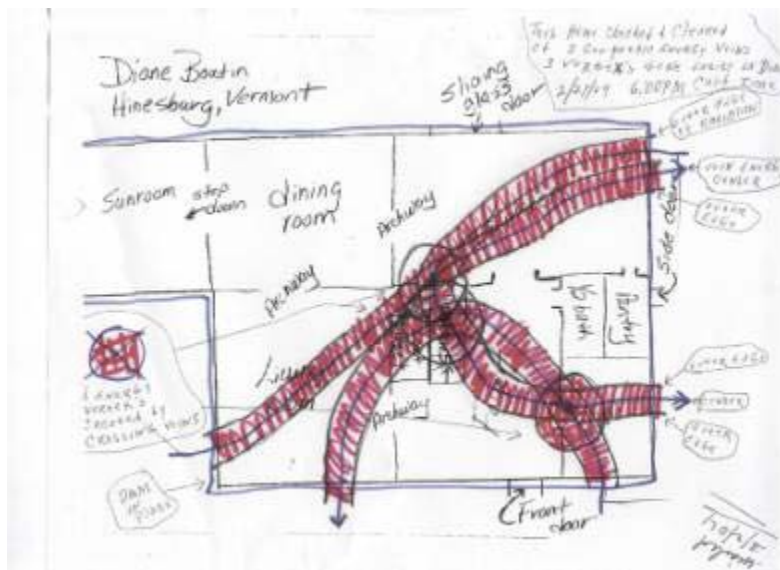

Please note: living room, dining room, kitchen, and downstairs levels of home impacted as these are vertical noxious rays coming up from the earth below the house. Important second note: energy of the food which should be nourishing, is also being impacted deleteriously.

2. **FIP in cat in Budapest, Hungary:** in addition to my usual treatment protocol of any illness, with detoxification, support, and diet change to natural home made food, I require geopathics and noxious EMF's be cleared from the home. It's been my experience that animals will never improve as long as they are impacted by noxious environmental radiations. This cat, Katie, had wet FIP with abdominal ascites and respiratory involvement. The owner, Mr. Berger had allergic dermatitis and lung congestion. With above treatment Katie is now FIP negative and asymptomatic. Mr. Berger's allergies and lung congestion also disappeared. Please see noxious geopathics detected and cleared below.

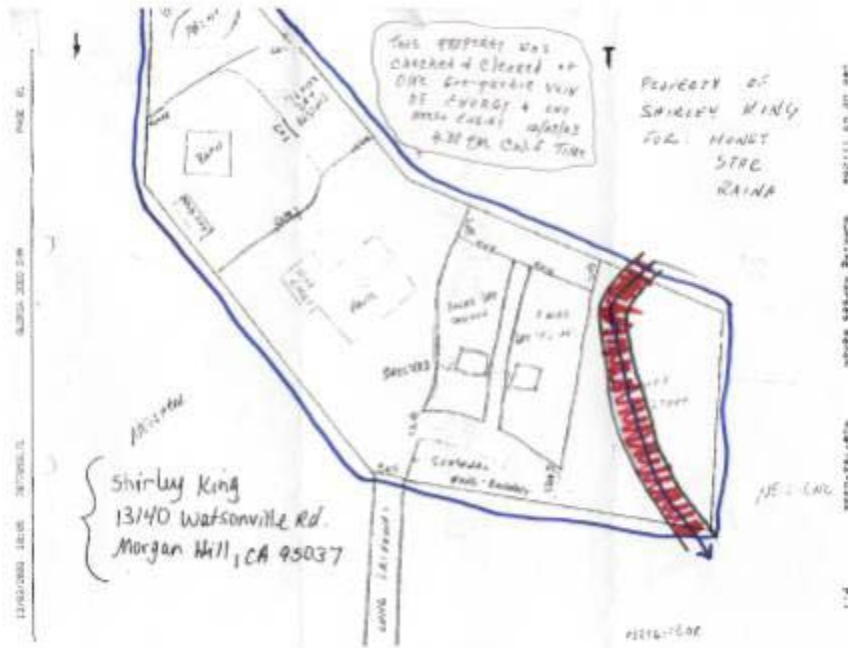

Note these geopathics centered in two bedrooms, bathroom, and breakfast area. Since most of our time is spent in bed sleeping (estimated 1/3 of our life), it is essential the bedrooms be clear of noxious energies. By such methods of remote detection and clearing by an experienced dowser, one can correct these noxious radiations anywhere in the world.

3. **Boutin dog, "Cyrus" with chronic dermatitis, hypothyroidism, yeast otitis in Hinesburg, VT.** Wife had knee arthritis, achy stiff ankles and clinical depression. Husband had arthritis in knees, achy joints and recurrent inguinal hernia. When geopaths and home EMF's were cleared, all household members symptoms disappeared. The most sensitive organs to noxious radiations are the musculoskeletal system, immune system, sexual organs and endocrine glands. These radiations can produce sterility, immune mediated diseases, arthritis back and joint pain, hypo or hyperthyroidism and extreme stress to Body, Mind and Spirit. This allows parasites to move in: viruses, bacteria, fungi and cancer cells.

This is a very serious multiple geopath: 3 intersecting flows with 3 vortexes. These were impacting den, foyer, kitchen, living room upstairs, and 3 bedrooms downstairs.

4. **King horses: “Honey”, 16 yr old mare with severe knuckling and calcification of coffin joint, hoof wall abscesses and founder; “Star” also 16 yr. old mare with chronic founder. Morgan Hill CA.** Both horses kept in paddock adjoining barn. Paddock had electrified wire on top of fence to discourage chewing of boards. Please see geopath in paddock, maligned by the electrical wiring circuitry. Both mares improved only slightly when geopath removed, owner refused to turn off electrical wiring.

Anyone suspecting they have areas of geopathic energy problems should write to The American Society of Dowzers, Inc., Danville, Vermont 05828 for a list of dowzers in your area. You may also call: (802) 684-3417 or fax (802) 684-2565.

Or you can order our excellent Dowzing and Diversion Service on line at <http://www.holisticvetpetcare.net/Merchant2/merchant.mvc?Screen=SFNT>

Clearing Plate:

Cadillac of all antiradiation devices to clear chronic geopathic stresses. Made of fired ceramics, with built in clearing devices to remove present earth-made geopathic stress and to help prevent them from re-occurring. This does not remove man-made noxious electromagnetic energy fields from electrical wiring, water pipes in the walls, or electronic appliances- please see Tripak and 3 hole resonator beads and other antiradiation devices for man-made noxious energy fields.

Price: \$300.00
